A COMFORTABLE WAY OF LIFE

You Can Have It All

Air Energy heat pumps make life around the pool easy

Air Energy Heat Pump

Digital Control Panel

Titanium Heat Exchanger

Jandy's Air Energy heat pumps by Zodiac® simply absorb free heat from the air and transfer it to the water, making the heating process efficient, ecological, and cost effective.

DEPENDABILITY AND PERFORMANCE

Our proprietary twisted titanium heat exchanger provides maximum heat transfer resulting in increased output, high efficiency and superior hydraulic flow, and is backed by a lifetime warranty against corrosion.

PATENTED FEATURES

Air defrost allows the heat pump to operate at lower air temperatures. The optional hot gas defrost/chiller feature allows Air Energy to heat your pool when temperatures drop as low as 38°, and cool your pool during the hottest summer months.

CONVENIENCE

Indoors or out — Zodiac's exclusive control system allows you to monitor heat pump functions from wherever is most convenient.

ADVANCED CONTROLS

Our advanced control offers programmable features for pool and spa, self diagnostics, and multilingual capability. Patented Auto-Heat feature maintains pool temperature automatically and efficiently 24 hours per day.

AUTOMATION READY

Air Energy Heat Pumps enable easy connection to Zodiac controls, and other pool/spa automation systems and automatic valve systems.

THE VERSA PLUMB® SYSTEM

The Versa Plumb design is the foundation for efficiency and hydraulic integrity — hydraulic integration by design. Versa Plumb products have been engineered as components of the whole system, not individual pieces of equipment. The result is a pool system that conserves energy and lowers operating costs. It's friendly to your pocketbook and friendly to the environment

ALL ZODIAC® POOL AND SPA PRODUCTS WORK SEAMLESSLY TOGETHER

The Zodiac AquaLink® RS Control System manages our complete line of technologically advanced products. The Zodiac system is designed to create a carefree backyard paradise — enhancing the overall pool and spa experience by delivering performance and reliability through technology.
