

IntelliBrite® 5g White LED

Commercial White Lighting

Pure White Lighting

Assure the purest and whitest illumination in your commercial water with the IntelliBrite® 5g White LED. With an equivalent light output equal to a 300, 400, and 500 watt incandescent light, the commercial IntelliBrite 5g White LED enhances the beauty of commercial water features, water theme parks and municipal pools. These energy saving LED lights provide powerful illumination while utilizing minimal electrical consumption. Let IntelliBrite 5g White LED commercial lighting systems from Pentair Water Commercial Pool and Aquatics™ delight evening swimmers.

Standard Features

- IntelliBrite 5g White LED uses only 45-70 watts.
- Now in 300, 400 and 500 watt incandescent light equivalents.
- The brightest white LED pool light on the market.
- LED technology provides longer life, and up to 86% less energy than comparable incandescent lights.
- Superior lens geometry and exclusive reflector design combine to create a wider beam and more uniform light distribution.
- Solid-state technology with no internal filament.
- Compatible with our stainless steel and plastic niches.
- Available in 120V and 12V versions.

IntelliBrite® 5g White LED

Commercial White Lighting

Drawing shows unique lens and reflector designs which combine to provide superior light beam distribution.

Installation requires meeting electrical requirements and standard local codes.

An Eco Select™ Brand Product

LED (Light Emitting Diode) pool and spa lights are the most energy efficient pool and spa lighting option available. That's why IntelliBrite® 5g White LED lights are an Eco Select™ brand product.

The Eco Select brand identifies our "greenest" and most efficient equipment choices. These products save energy, conserve water, eliminate noise, or otherwise contribute to a more environmentally responsible equipment system.

As the global leader in pool and spa equipment manufacturing, we strive to provide greener choices for our customers. We hope you will join us in embracing more eco-friendly pools by choosing Eco Select branded products for your swimming pool.

Dimensions

Available in 300, 400, and 500 watt incandescent light brightness equivalents.

Energy Output in Watts	
Incandescent Light	IntelliBrite 5g White LED
300 Watts	45 Watts
400 Watts	55 Watts
500 Watts	70 Watts

Also available is the IntelliBrite White LED spa light equal to 108 watts of incandescent brightness while using only 26 watts.
