

Pool Vac XL™

AUTOMATIC SUCTION CLEANER

Automatic Programmed Steering

Features of the Hayward® Pool Vac XL automatic in-ground cleaner:

- Exclusive AquaPilot® – Pre-programmed steering pattern assures thorough pool coverage
- Powered by your existing filtration system – No additional equipment required
- Easy to use – Connects in less than 10 minutes to skimmer or suction port
- Turbine Technology – Operates silently

CLEANERS

High-Flow Hose

- Reduces hydraulic friction for efficient operation
- No bags to empty or replace
- Powered by existing filtration system

Hydro-Dynamic Head Design

- Designed for style, engineered for performance
- Turbine-drive system for smooth, silent operation

Vacuum Wings

- Downdraft design captures pollen, sand, twigs, leaves and pebbles

Adaptive Steering Assembly

- Guides the hose as programmed steering maneuvers the cleaner around the pool, eliminating hose tangles

Advanced Pod Propulsion

- Eliminates the need for wheels and belts
- Consistent performance and long life

Intelligent cleaning every time with AquaPilot® technology.

Exclusive AquaPilot technology makes the Pool Vac XL™ faster and more efficient than any random style pool cleaner. Pool Vac XL moves in a predetermined series of right and left turns to systematically provide more thorough coverage of your pool's surfaces. The Pool Vac XL scoops up all types of debris and deposits it directly into your existing filtration system. No need for additional equipment or expense. For the ultimate in easy, trouble-free operation, leave your pool cleaning to the most sophisticated suction pool cleaner available, Hayward's Pool Vac XL.

Your pool is made more enjoyable with the Pool Vac XL.

The Pool Vac XL from Hayward gives you easy, trouble-free operation. And because it's powered by your existing filtration system, you don't have the expense of an energy-consuming booster pump. You won't waste time emptying or replacing debris bags. Getting that sparkling clean pool is easy and effortless with the Pool Vac XL. When you install your new Pool Vac XL as part of the Totally Hayward® System, you get the assurance of knowing you have a complete system, designed to work together for the best automatic operation and the cleanest pool possible.

ACCESSORIES

MODEL 2025ADC

Pool Vac XL model for concrete pools.

MODEL 2025ADV

Pool Vac XL model for vinyl-liner pools.

The optional Leaf Canister interconnects in-line, trapping leaves and debris before reaching your pool's filter system. Its see-through design lets you know when to empty.

The optional Skimmer Vacuum Plate automatically alternates between vacuuming the pool and skimming the pool's surface with each cycle of the filtration system's time clock.
