32131 Clori-Duck™ White Duck Chlorine Dispenser

32132 Clori-Critter™ Alligator Head Chlorine Dispenser

## POOLMASTER®

We Make Water Fun!

770 Del Paso Road, Sacramento, CA 95834-0308

Directions

### Step 1

- Align 4 grooves on regulating cup with 4 rails on outer cup to allow inner dispenser to drop below outer cup. Inner dispenser cup holds up to 3 inch Chlorine Tablets. Screw outer cup onto Cloricritter™ base.

**UNDER NO CIRCUMSTANCES** should you ever mix any type of **CHLORINE** with **BROMINE** or **ANY OTHER CHEMICAL!**

### Step 2

- To increase chlorine level, twist regulating cup to reveal more open slots.

### Step 3

- Place **CLORICRITTER™** in your pool. After 24 hours, check chlorine residual with proper test kit to make sure reading is between 2.0 and 3.0 ppm. If the reading is low, twist regulating cup to reveal more open slots. After another 24 hours, repeat testing and continue to twist regulating cup to reveal more open slots until a satisfactory chlorine residual is obtained. If chlorine is too high, twist regulating cup to close excess slots.

### Step 4

- Drain water from base completely when removing from pool.

### ⚠ WARNING:

Mixing chemicals may result in **FIRE** and/or **EXPLOSION**. Use caution when filling cartridge. Do not inhale fumes. **KEEP OUT OF REACH OF CHILDREN. THIS IS NOT A TOY.** Not recommended for liner pools.
