

FreeStyle Board

FreeStyle

- Composite material diving board, increases board strength and lengthens product life
- Unique shape adds fun to your pool without detracting from your poolscape
- New D-Lux™ stand designed specifically for use with this board, easily installs on existing 6' Flyte-Deck jigs
- Can be installed Type I — Type V pools
- Twice the width of traditional diving boards at widest point
- Board has matching, SureFoot™ non-slip tread for maximum safety
- Stainless steel hardware for added corrosion resistance
- Can also be used with Cantilever, Supreme + Flyte-Deck II stands

Board + Stand Colors

Actual product colors may vary.

All installations must comply with all applicable local and national codes and installation must be completed in accordance with S.R.Smith installation instructions.
